

Professional Certification Through Conover U

What is Conover U?

Conover U is a virtual training academy that covers how to use our internationally-recognized, research-based assessment tools, and provides professional certification. Conover U currently offers a variety of online training courses that can be used for professional development for both professional and paraprofessional staff in your organization.

Benefits of Certification

By obtaining certification through Conover U, you gain:

- knowledge and experience in the proper use of our Conover assessments and skill-building systems
- professional recognition by the leader in the emotional intelligence, independent living, and transition assessments industry
- the right to use Conover trademarks and logos on your website and marketing materials
- much, much more!

College Credit

In addition to the benefits of professional certification through Conover U, all course certifications may be used for both undergraduate and graduate level transcribed credit through the University of Colorado at Colorado Springs. The Conover U courses offered through UCCS are only \$90/credit, a substantial savings over conventional non-resident tuition rates (\$796/credit for undergraduate-level credit and \$494/credit for graduate-level credit).
