## Pay Only for What You Use

Credits are how you deliver content to your users in *Conover Online™*. Credits never expire, and can be used for anything in the *Conover Online™* product catalog. This means that you never overpay and access to our Career Portfolio, Resume Writer, and individual reports are provided at no additional cost!

## Cloud-Based Convenience

*Conover Online™* provides immediate access because there is no installation required. Once an assignment is made, the user can access it until it is fully completed. Each user's progress is saved when exiting the unit, so when logged in again, the program picks up right where the user left off, even if it is on a different computer or device.

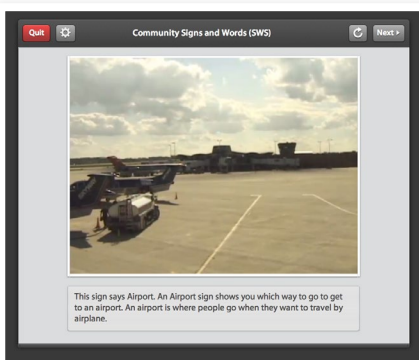

## Built-in Accountability

Real time data tracking is built in to the *Conover Online™* system. Everytime a user completes a unit, the data is stored in our revolutionary management system and compiled into a Career Portfolio that can be used for planning individual post-secondary goals and course of study.

## Life Skills

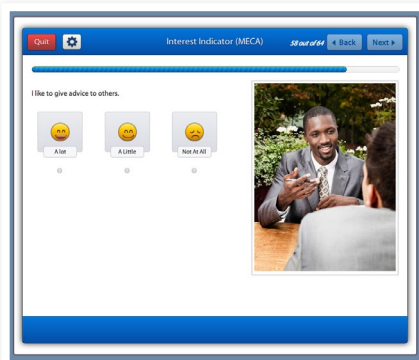

### Functional Skills System™

*Functional Skills System™* is a life skills assessment and curriculum system that utilizes video-modeling to help learners achieve independence in their homes, schools, communities and workplaces.

## Career Planning/Transition

### MECA®

Self-directed assessment to help in career planning and exploration. Correlated to the Common Core State Standards to assist in putting together a course of study and post-secondary goals.

## Workplace Readiness

Now more than ever, employers throughout the country are demanding that our schools, community colleges and other workplace readiness programs teach essential soft skills for workplace success.

## Financial Success System™

Our new Financial Success System combines financial soft skills with hard skills, and consists of two integrated series: Financial Soft Skills Series and Financial Hard Skills Series. Combining the emotional side and the cognitive side of the brain. After all, successful financial planning involves both sides of the brain. Upon completion of either one or both series a Conover Credential™ can be printed.

Utilize our unique credentialing system to recognize your participants' success in our programs.

Recognized by the National Soft Skills Association as a program of excellence.
