## Pay Only for What You Use

Credits are how you deliver content to your users in Conover Online™. Credits never expire, and can be used for anything in the Conover Online™ product catalog. This means that you never overpay and access to the comprehensive data and individual reports are provided at no additional cost!

## Cloud-Based Convenience

Conover Online™ provides immediate access because there is no installation required. Once an assignment is made, the user can access it until it is fully completed. Each user's progress is saved when exiting the unit, so when logged in again, the program picks up right where the user left off, even if it is on a different computer or device.

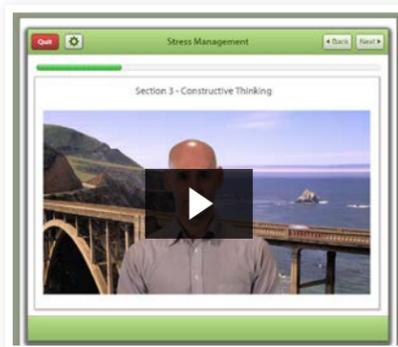

## Built-in Accountability

Real time data tracking is built in to the Conover Online™ system. Everytime a user completes a unit, the data is stored in our revolutionary management system and compiled into a comprehensive report that can be used to identify areas that need to improve and to track a user's progress throughout that process.

## Workplace Readiness

*The Workplace Readiness Credential™* builds upon all the social/emotional skills (SEL) described earlier in this brochure. Once these SEL skills are learned then developing the key soft skills for personal success is easy. ## Winning Colors®

Now more than ever we all need to learn to accept the differences in the people we meet. *Winning Colors* teaches the four behavioral communication types that drive all behavior. People who have learned these types and know how to use this knowledge will have a better understanding of what drives another person's behavior and how to better work with that individual by avoiding conflict.
